Driver Training Education

The District may offer a Driver Training Education Program when staffing and funding are available. Any such program will be conducted in compliance with all requirements in the Idaho Standards for Public School Driver Education and Training as approved by the State Board of Education on August 13, 2004.

Anyone residing in the District between the ages of fourteen and one-half (14 1/2) through twenty-one (21) years of age, irrespective of whether they are enrolled in the district, are eligible to enroll in the District's drivers training program. Students enrolled full time in the District shall have priority in taking the class if the class is full. Such program, in the discretion of the Board, may be conducted after school hours, on Saturdays or during regular school vacation periods. The District may offer a joint driver training program with other districts.

No charge or enrollment fee shall be required of a student not enrolled in the District, unless public school students are required to pay such enrollment fees or charges. Students residing outside the District will pay full cost of providing the class to the students.

A fee shall be assessed to cover those costs which are not reimbursed by state funds, except that this fee may be waived or reduced for students whose families, by reason of their low income, would have difficulty paying the entire fee.

The purpose of the program is to introduce students to a course of study that leads to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the State Department of Education.
