September 24, 2018

To the Parents/Guardian, Patrons and Friends of the Salmon River JSD 243,

In the Spring of 2017 the Board of Trustees adopted a policy to allow trained volunteer staff members to "Conceal Carry" on school district campuses. Please be advised that the Board of Trustees has recently approved specific volunteer staff members to "Conceal Carry". These individuals have been trained and will continue to receive ongoing training from the Idaho County Sheriff's Office. The weapons will be concealed and secured at all times except in a life threatening event such as an active shooter situation, etc. The job descriptions and roles of these volunteers will not change except in a life threatening event such as an active shooter situation, etc. where they will respond accordingly to protect our students and staff.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Doramus", with a long horizontal flourish extending to the right.

Jim Doramus
