Savage Parents and Fans,

As long as the State of Idaho remains in Stage 3 of "Idaho Rebounds," indoor gatherings are limited to 50 people or less. These rules apply to high school athletic events. This means that while we are in Stage 3, basketball games will be limited to 50 spectators.

The Long Pin Conference Administrators determined that only home fans will be allowed to attend games. Visiting teams are allowed to have support staff, such as statisticians, attend games.

Due to this ruling, attendance at home games will be restricted to the families of our athletes so long as the state remains in Stage 3. Coaches, players, and families are working to identify the individuals who will be allowed to attend games.

We understand the frustration this causes, and we will miss seeing our great supporters at Savage games. The student-athletes feed off your enthusiasm and cherish the love and support you provide. Hopefully, the Stage 3 order is lifted soon so that we may return to Savage basketball as we know it.

Thank you for all you do for our schools and our students; we'll see you soon!

Kyle Ewing
