

## Student Ethnicity and Race

Each year, school districts in Idaho are required to report student race and ethnicity data to the Idaho State Department of Education by categories that are set by the federal government. This data is used to ensure all students receive the educational programs and services to which they are entitled. This information will *not* be reported to any federal agency in any way that identifies the student. No one will check for immigration status from the information provided.

**Please Answer both Part A and Part B**

Please note - if you choose not to provide this information, a designated school staff person(s) will observe and select racial and ethnic categories on the student's behalf as required by the federal government for reporting.
